

GALBO VENTURES

Presenting
King of Kings

Introduction

GloboVentures is an engaging, interactive program designed to meet the growing need for entertaining educational incursions and values-based learning for young children. We offer arts-based programs that promote empathy, acceptance, and cultural understanding, equipping children to embrace diversity and help build respectful, inclusive communities.

Our Christ-centred programs nurture children's personal and spiritual growth and social-emotional development, helping them build strong character, empathy, and essential life skills that extend beyond the classroom and into their everyday lives.

King of Kings

Bringing the Nativity story to life for children through creative storytelling, teamwork, and reflection, helping them experience the true meaning of Christmas with joy, imagination, and faith.

Through hands-on activities and guided storytelling, children deepen their understanding of God's love and the hopeful message that began in Bethlehem.

Program Outcomes

Beyond the activities, children leave with:

1. Cultural Awareness and Appreciation
2. Creativity and Critical Thinking
3. Social-Emotional Development
4. Values and Character Formation

Thank you!

The image features a central teal rectangular area with a torn paper effect at the top and bottom edges. The text "Thank you!" is written in a bold, dark blue, sans-serif font across the center of this area. Surrounding the teal area are several hand-drawn decorative elements in dark blue ink: three short, radiating lines in the top-left corner; a circular arrow pointing downwards in the top-right corner; a curved arrow pointing upwards and to the right in the bottom-left corner; and a six-pointed starburst in the bottom-right corner. The entire composition is set against a light gray grid background.
